Friday 15 July.

P.S. Will you extend my regards to Mr Shah, also? Thank you.

Dear Mr Agrawal -

It's my second full day at home.  
I'm feeling tired - but well!

I know I have followed up appointments but I wanted to say,  
right now, how grateful I am for  
your caring + your calmness. I

have felt safe + confident with my  
decision throughout. In no small part  
because both you, + Mr Shah, have  
worked to make me feel so.

I'll keep up all the regimes but simply  
wanted to send my heartfelt thanks  
immediately.

With very best wishes,
